**The Collect.**

O God of truth, we pray that all may learn to understand the cosmic law of The Christ, and in so doing move into your light and be closer to you, our Lord and Father, this we ask through our blessed Christed Saviour. Amen.

**The Epistle for the 12th Sunday after Trinity is from the writings of Bishop Herman Spruit.**

To understand the Christ we must understand what Christianity is. Christianity is a system of Psycho-Pneumatology which fully transcends the stumblings of psychology. This is vouched for by the Master Practitioners of this sacred science, Jesus and St Paul. Christianity is a philosophy of religion, culminating in an ultimate knowingness, a gnosis. Christianity is a system of potent Spiritual dynamics, releasing energies that gives the thrust needed to fire the rocket of evolution. Christianity helps smooth the rutted lanes called Karma, Duty, Law and retribution. Christianity is naturalization to obtain citizenship in the realm of unlimited dimension. The Christ is the one who freely offers all this to us.

**Here Endeth the Epistle.**

**The Gospel for the 12th Sunday after Trinity is from the Aquarian Gospel.**

John the harbinger said - Christ is righteousness; Christ is the love of God and therefore Christ resides in every pure heart. Christ is love divine all loves excelling. Christ is the pattern set down for humanity to use as their goal of attainment. Every one of the human race can see in The Christ what they will be when they have conquered the passions of the selfish self. Jesus brings the example to people of the earth that they might see the pattern and follow in his footsteps. Trust The Christ, for those who do not trust The Christ cannot have the energy dwelling within to enter the plane of evolution on the next step of understanding.

**Praise Be to Thee O Christ.**
